H3C WA2220X-AGP

A black, rectangular wireless network card is shown at an angle on a green grid background. The card has a white label on its top surface with the H3C logo and model number WA2220X-AGP. On the front face, there is a BNC connector with a metal shield and a small metal tab, and an RJ45 port. The card is secured with three screws on its side.
